THE COMMUNITY CAFÉ

Passionate about community.
Passionate about fighting food waste.

We are a not-for-profit community group where all funds go back into developing community food projects in Winchester. We use surplus food from local suppliers, including **FareShareUK**, preventing good quality, in-date, edible food from being wasted.

In our first 6 weeks, The Community Café provided

456 MEALS

saving over ¼ tonne of food from going to landfill.

That's the equivalent weight of nearly

10 PIECES OF HOLD LUGGAGE

on an average flight*

Source: FirstBite. *Based on a checked allowance of 23 kilos

**Our
customers
have said
some lovely
things:**

"Food delicious and price great. What more could you ask for?
Also great menu, great service and very friendly."

"People are so friendly and the food was delicious with a good portion.
The concept of not wasting the ingredients is great! Definitely I'll
recommend to my friends."
