

Air pollution and health

Thurs 21 June 4 to 6 pm

Learn more, get involved and make your views known.

3.30 Sign in, collect packs

Refreshments, stalls and displays, with winning posters of St Bede's school competition

4.00 Welcome from Councillor Jan Warwick Winchester City and Hampshire County Councils

4.05 Dr Matt Loxham: The health impacts of air pollution. Dr Matthew Loxham is a Biotechnology and Biological Sciences Research Council Future Leader Fellow at the Academic Unit of Clinical and Experimental Sciences in the Medicine Faculty of the University of Southampton.

4.25 Councillor Jan Warwick: Setting the scene: air quality in Winchester; Winchester Movement Study

4.45 Workshops and activities run by partners:

1. Winchester Air Quality Management Plan 2017: what is still to be done?

Workshop led by Phil Gagg of WinACC and Dave Ingram of WCC – *in main room*

2. The role of health professionals on air pollution

Workshop led by Chris Holloway of Healthwatch and Dr Matt Loxham - *in main room*

3. Barriers to walking

Audit of North Walls led by Liz Kessler and Jan Berry of Winchester Walking Strategy Group – *meet in lobby*

4. Quiet reflection

Churches Together in Winchester will offer the opportunity for a global perspective on clean air through The Big Shift campaign, and the chance for quiet reflection and time to breathe in the beautiful gardens of St Peter's. Led by Jo Crocker - *meet outside*

5. Winchester Crumbs Trail

Living Streets walking trail to follow on your phone – *at your own pace*

6. Pollution Walk (to be confirmed)

Particulate matter is the most deadly form of air pollution. Join Friends of the Earth on a walk around central Winchester with a simple sensor that will indicate where particulates are present and help us identify potential air pollution hotspots - *meet at entrance to church.*

7. Why not cycle?

Cycle Winchester *discussion.*

Each workshop or activity is asked to identify one message to shape work on air pollution in Winchester

5.30 Closing session to identify next steps, with a glass of wine

Led by Dr Tony Stoller, Chair, Winchester Action on Climate Change.

6.00 Close of event, networking

Thank you to Cllr Dominic Hiscock, Hampshire County Council, and the City of Winchester Trust, for financial support, and to FirstBite Winchester for donating refreshments.

Organised by WinACC's Built Environment and Transport Action Group in partnership with BREATHE for better air, transport, health and environment, Churches Together in Winchester, City of Winchester Trust, Cycle Winchester, FirstBite Winchester, Friends of the Earth Winchester, Hampshire County Council, Healthwatch Hampshire, My Journey Hampshire, the University of Winchester, Winchester City Council, Winchester Walking Strategy Group.
